appoint a person to represent such shareholder at the Meeting, who need not be one of the persons named in the accompanying form of proxy.

A proxy given pursuant to this solicitation may be revoked by instrument in writing, including another proxy bearing a later date, executed by the shareholder or by his or her attorney authorized in writing, and deposited either at the registered office of the Corporation at any time up to and including the last business day preceding the day of the Meeting at which the proxy is to be used, or with the Chairman of such Meeting on the day of the Meeting, or in any other manner permitted by law.

A proxy must be signed in writing or, subject to the means of electronic signature permitting a reliable determination that the document was created or communicated by or on behalf of the shareholder or the attorney, as the case may be, by electronic signature by the shareholder or an attorney who is authorized by a document that is signed in writing or by electronic signature or, if the shareholder is a body corporate, by an officer or attorney of the body corporate duly authorized.

A shareholder attending the Meeting has the right to vote in person and if he or she does so, his or her proxy is nullified with respect to the matters such person votes upon and any subsequent matters thereafter to be voted upon at the Meeting.

EXERCISE OF DISCRETION BY PROXIES

Proxies received in favour of management will be voted and, where a choice is specified, will be voted in accordance with the choice so specified in the proxy. **WHERE NO CHOICE IS SPECIFIED, THE PROXY WILL CONFER DISCRETIONARY AUTHORITY AND WILL BE VOTED FOR THE ITEM OF BUSINESS AS SET OUT IN THE NOTICE CALLING THE MEETING AND AS STATED ELSEWHERE IN THIS INFORMATION CIRCULAR.**

The enclosed form of proxy also confers discretionary authority upon the persons named therein with respect to any amendments or variations to the matter identified in the accompanying Notice and with respect to other matters which may properly come before the Meeting in such manner as such nominee in his or her judgement may determine. **HOWEVER, IF OTHER MATTERS WHICH ARE NOT PRESENTLY KNOWN TO MANAGEMENT SHOULD PROPERLY COME BEFORE THE MEETING, THE ACCOMPANYING PROXY WILL BE VOTED ON SUCH MATTERS IN ACCORDANCE WITH THE BEST JUDGEMENT OF THE PERSON OR PERSONS VOTING THE PROXY.** As of the date of this Information Circular, management of the Corporation knows of no such amendments, variations or other matters to come before the Meeting other than the matter referred to in the accompanying Notice.

VOTING BY NON-REGISTERED SHAREHOLDERS

Only registered shareholders of the Corporation or the persons they appoint as their proxies are permitted to vote at the Meeting. However, in many cases, common shares of the Corporation beneficially owned by a person (a “**Non-Registered Holder**”) are registered either: (i) in the name of an intermediary (an “**Intermediary**”) with whom the Non-Registered Holder deals in respect of the common shares of the Corporation (Intermediaries include, among others, banks, trust

companies, securities dealers or brokers and trustees or administrators of self-administered RRSPs, RRIFs, RESPs and similar plans); or (ii) in the name of a clearing agency (such as The Canadian Depository for Securities Limited (“CDS”)) of which the Intermediary is a participant. In accordance with the requirements of National Instrument 54-101, the Corporation will have distributed copies of the Notice, this Information Circular and the form of proxy (collectively, the “**Meeting Materials**”) to the clearing agencies and Intermediaries for onward distribution to Non-Registered Holders. Intermediaries are required to forward the Meeting Materials to Non-Registered Holders. Non-Registered Holders will be given, in substitution for the proxy otherwise contained in proxy-related materials, a request for voting instructions (the “**Voting Instructions Form**”) which, when properly completed and signed by the Non-Registered Holder and returned to the Intermediary, will constitute voting instructions which the Intermediary must follow.

The purpose of this procedure is to permit Non-Registered Holders to direct the voting of the shares of the Corporation they beneficially own. Should a Non-Registered Holder who receives the Voting Instructions Form wish to vote at the Meeting in person (or have another person attend and vote on behalf of the Non-Registered Holder), the Non-Registered Holder should so indicate in the place provided for that purpose in the Voting Instructions Form and a form of legal proxy will be sent to the Non-Registered Holder. In any event, Non-Registered Holders should carefully follow the instructions of their Intermediary set out in the Voting Instructions Form.

REQUIRED SHAREHOLDER APPROVALS

Except as otherwise disclosed in this Information Circular, all resolutions which the shareholders will be asked to pass must be approved by a majority of the votes cast by shareholders of the Corporation present in person or represented by proxy at the Meeting.

PART 3 - STATEMENT OF EXECUTIVE COMPENSATION

Named Executive Officers

For the fiscal year ended December 31, 2019, the Corporation had two named executive officers (collectively referred to as the "NEOs", and each a "NEO"): Jean-Charles Potvin, President and CEO and Erik H. Martin, Chief Financial Officer and Corporate Secretary. Mr. Martin is not an employee of the Corporation and provides services through an external management company (see "*Management Contracts and Termination and Change of Control Benefits*" below). Mr. Potvin provides services as an independent consultant.

Compensation Discussion and Analysis

The following Statement of Executive Compensation is prepared in accordance with National Instrument Form 51-102F6 of NI 51-102. The purpose of this Statement of Executive Compensation is to provide disclosure of all compensation earned by directors and certain executive officers in connection with their position as an officer of or consultant to the Corporation.

This section of the Information Circular explains how the Corporation's executive compensation program is designed and operated with respect to the Corporation's NEOs. This section also identifies the objectives and material elements of compensation awarded to the NEOs and the reasons for the compensation. For a complete understanding of the executive compensation program, this Compensation Discussion and Analysis should be read in conjunction with the Summary Compensation Table and other executive compensation-related disclosure included in this Information Circular.

The purpose of the Compensation Committee is to assist the Board of Director's in determining compensation for the Corporation's executive officers relative to the performance of the Corporation in executing on its objectives. Executive officers receive both fixed compensation and performance-based variable incentive compensation. To attract and retain top talent, fixed compensation is generally targeted at levels comparable to market peers and performance recognition occurs through the delivery of variable short and longer-term incentive compensation.

The Compensation Committee's assessment of corporate performance is based on a number of qualitative and quantitative factors including execution of on-going activities, operational performance and progress on key initiatives connected to the Corporation's strategy.

NEOs do not automatically receive any particular award based on the Compensation Committee's determination of the overall performance of the Corporation, but rather the determination establishes the background for the Compensation Committee's subsequent review of the NEOs' individual performance and compensation.

Objectives of the Compensation Program

The objectives of the Corporation's executive compensation program are:

- to attract and retain executives who can help the Corporation achieve its objectives;
- to align the interests of the executives with the interests of the shareholders;
- to be competitive with the companies with whom the Corporation competes for talent; and
- to reward individual contributions in light of overall business results.

Elements of Executive Compensation

Compensation represents the combined value of fixed compensation and performance based variable incentive compensation, comprising: base compensation, short-term incentive in the form of an annual cash bonus and long-term incentives in the form of stock options.

The allocation of Compensation value to these different compensation elements is not based on a formula, but rather is intended generally to reflect market practices and realities as well as the Compensation Committee's discretionary assessment of an executive officer's past contribution and ability to contribute to future short and long-term business results.

Base Compensation

Base compensation is designed to provide income certainty and to attract and retain executives. Base compensation for NEOs is reviewed annually by the Compensation Committee and is based on individual performance, the scope of the executive's role within the Corporation and retention considerations.

Short-term Incentives

Annual cash bonuses are a short-term incentive that is intended to reward executive officers for their yearly individual contribution and performance of personal objectives in the context of overall annual corporate performance. The amount is not pre-established and is at the discretion of the Compensation Committee, subject to approval of the Board.

Long-term Incentives

Long-term incentive compensation is provided through the granting of stock options. This incentive arrangement is designed to motivate executives to achieve longer-term sustainable business results, align their interests with those of the shareholders and to attract and retain executives. Participants benefit only if the market value of the Corporation's common shares at the time of stock option exercise is greater than the exercise price of the stock options at the time of grant.

Stock Option Plan Information

Stock Option Granting Process

Generally, stock option grants are determined annually. The CEO makes recommendations to the Compensation Committee regarding individual stock option awards for all recipients.

The Compensation Committee deliberates and considers relevant market data and other information in order to determine the CEO's stock option grant recommendation to the Board.

The Compensation Committee reviews the appropriateness of the stock option grant recommendations from the CEO for all eligible directors, employees and consultants and accepts or adjusts these recommendations and will then take these recommendations to the Board for final approval. Previous grants of stock options are taken into account when considering new grants.

Other Compensation

Executive Officers may occasionally receive other benefits that the Corporation believes are reasonable and consistent with its overall executive compensation program. These benefits, which are based on competitive market practices, support the attraction and retention of executive officers. The Corporation does not provide any pension or retirement benefits for NEOs.

How the Corporation Determines Compensation

The Role of the Compensation Committee

The Compensation Committee approves, or recommends for approval, all compensation to be awarded to the NEOs. The Compensation Committee may direct management to gather information on its behalf, and provide initial analysis and commentary. The Compensation Committee reviews this material along with other information received from any external advisors which may be retained from time to time in its deliberations before considering or making decisions. Final recommendations are brought to the Board for final approval.

The Compensation Committee has full discretion to adopt or alter management recommendations or to consult external advisors. The Compensation Committee holds in-camera sessions without the presence of management and NEOs.

The Role of Management

Management has direct involvement in and knowledge of the business goals, strategies, experiences and performance of the Corporation. As a result, management plays an important role in the compensation decision-making process.

The CEO makes recommendations to the Compensation Committee regarding the amount and type of compensation awards for other members of executive management. The CEO does not engage in discussions with the Compensation Committee regarding his own compensation.

Corporate and Individual Performances

The Compensation Committee exercises its discretion and uses judgment in making compensation determinations. The Compensation Committee's assessment of the overall business performance of the Corporation, including corporate performance against strategy (both quantitative and qualitative) and business circumstances, provides the context for individual executive officer evaluations for all direct compensation awards.

Internal Equity and Retention Value

Executive officers' pay relative to other executives ("internal equity") is generally considered in establishing compensation levels. The difference between one executive officer's compensation and that of the other NEOs reflects, in part, the difference in their relative responsibilities. The CEO's responsibility for the management and oversight of the enterprise is greater than each of the executive officers' respective business areas. As a result, the compensation level for the CEO is higher than for other NEOs.

The Compensation Committee also considers the retention potential of its compensation decisions. Retention of the NEOs is critical to business continuity and succession planning.

Compensation Decisions Made for 2019

In 2019, the process for determining executive compensation relied on financial position, discussions and review of the CEO's accomplishments in terms of operational performance and addition of explorations assets to the Corporation. The Compensation Committee does not rely on formal objectives, criteria and analysis.

Mr. Potvin provides services pursuant to a consulting arrangement with the Corporation for his services as CEO (see "*Management Contracts and Termination and Change of Control Benefits*" section below). For 2019, Mr. Potvin's compensation remained unchanged and was granted 250,000 stock options in March 2019 at a price of \$0.095 and 1,200,000 stock options in December 2019 at a price of \$0.085.

Mr. Martin provides services pursuant to a consulting arrangement with the Corporation for his services as CFO (see "*Management Contracts and Termination and Change of Control Benefits*" section below). For 2019, Mr. Martin's compensation remained unchanged and was granted 125,000 stock options in March 2019 at a price of \$0.095 and 600,000 stock options in December 2019 at a price of \$0.085.

Summary Compensation Table

The following table contains a summary of the compensation paid to the Corporation's NEOs during its previous three fiscal years.

Name and Principal Position	Year Ended December 31	Salary (\$)	Share-based awards (\$) ⁽¹⁾	Option-based awards (\$) ⁽²⁾	Non-equity incentive plan compensation		Pension value (\$)	All other compensation (\$)	Total compensation (\$)

Notes:

- (1) The value of the share-based award was determined using the Black-Scholes option-pricing model.
- (2) The value of the option-based award was determined using the Black-Scholes option-pricing model.
- (3) Mr. Martin, through Bractea Enterprises Ltd., a management company owned and controlled by Mr. Martin, invoices the Corporation on a monthly basis for days worked by Mr. Martin at a rate of \$1,000 per day worked.
- (4) Mr. Potvin became President and CEO of the Corporation in December 2018. Mr. Potvin operates as an independent contractor and invoices the Corporation on a monthly basis for his hours worked at a rate of \$150 per hour worked.

The Corporation has estimated the above “grant date fair value” amounts using the Black-Scholes pricing model, a mathematical valuation model that ascribes a value to a stock option based on a number of factors, including the exercise price of the option, the price of the underlying security on the date the option was granted, and assumptions with respect to the volatility of the price of the underlying security, the expected life of the option, forfeitures, dividend yield and the risk-free rate of return. The assumptions used in the pricing model are highly subjective and can materially affect the estimated fair value.

Calculating the value of stock options using this methodology is very different from a simple “in-the-money” value calculation. In fact, stock options that are well out-of-the-money can still have a significant estimated “grant date fair value” based on a Black-Scholes valuation, especially where, as in the case of the Corporation, the price of the share underlying the option is highly volatile. Accordingly, caution must be exercised in comparing grant date fair value amounts with cash compensation or an in-the-money option value calculation. The same caution applies to the total compensation amounts above, which are based in part on the grant date fair value amounts set out above. The total compensation listed above has been included to reflect the total compensation of each NEO not including the value of any option-based awards. The value of the in-the-money options currently held by each NEO (based on share price less option exercise price) is set forth in “Outstanding Share-Based and Option-Based Awards” table below.

Notes:

- (1) Jean-Charles Potvin, President and CEO and Chairman of the Corporation, is not included in the table above as he was NEOs. Please see Summary Compensation Table above for information regarding Mr. Potvin's compensation.

- (2) The estimated grant date fair value of these options has been calculated using the Black-Scholes model. See comments in Section Summary Compensation Table above. All options granted to the Directors had an exercise price that was equal or higher than the market price of the common shares on the date of the grant. As such, the Board does not consider that options granted to Directors comprise compensation that can be quantified by a dollar value, in particular, because the options are not taxable compensation to the grantees (under Canadian Federal and Ontario tax regulations) as a result of the terms and conditions applicable to those options.

Schedule of Director Fees

During its most recently completed financial year, the Corporation remunerated its non-executive directors for their services in the capacity as directors as follows:

PART 4 – CORPORATE GOVERNANCE

National Policy 58-201 Corporate Governance Guidelines (the “Governance Guidelines”) sets out best practice guidelines for effective corporate governance. The Governance Guidelines deal with matters such as the constitution and independence of corporate boards, their functions, the effectiveness and education of board members and other items dealing with sound corporate governance. National Instrument 58-101 Disclosure of Corporate Governance Practices requires that if management of an issuer solicits proxies from its securityholders for the purpose of electing directors, specified disclosure of its corporate governance practices must be included in its management information circular.

The Corporation and the Board recognize the importance of corporate governance to the effective management of the Corporation and to the protection of its employees and shareholders and acknowledges the benefits received by it and Shareholders from the disclosure of governance practices and is committed to an ongoing process of disclosure. The Corporation’s approach to

significant issues of corporate governance is designed with a view to ensuring that the business and affairs of the Corporation are effectively managed so as to enhance shareholder value. The Board fulfills its mandate directly and through its committees at regularly scheduled meetings or as required. Frequency of meetings may be increased and the nature of the agenda items may be changed depending upon the state of the Corporation's affairs and in light of opportunities or risks which the Corporation faces. The directors are kept informed of the Corporation's operations at these meetings as well as through reports and discussions with management on matters within their particular areas of expertise.

The Corporation's corporate governance practices have been designed to comply with applicable Canadian requirements and best practices. The Corporation continues to monitor developments in Canada and internationally with a view to keeping its governance policies and practices current. The Board has considered the Governance Guidelines and believes that its approach to corporate governance is appropriate and works effectively for the Corporation and its Shareholders.

BOARD OF DIRECTORS

Other than Jean-Charles Potvin, former President and CEO of the Corporation between June 3, 2014 and November 23, 2015 and President and CEO since December 5, 2018 and Donald K Johnson, holding directly and exercising control over 31.05% of the issued and outstanding common shares of the Corporation, all members of the Board are independent within the meaning of National Instrument 58-101 - Disclosure of Corporate Governance Practices and 52-110 - Audit Committees.

The Board periodically analyses its composition in order to ensure that it is composed of a majority of directors that are independent of management. The Board is responsible for approving certain issues or matters submitted to its attention such as approving particular important agreements or business transactions as well as the Corporation's financing transactions in order to implement decisions which are in the best interest and within the strategic orientation of the Corporation.

The Board acknowledges its responsibility for the stewardship of the Corporation, meaning that it oversees the conduct of the Corporation's business and supervises the senior management of the Corporation which is responsible for the day to day business affairs.

Directorships

Certain of the Directors of the Corporation are also directors of other reporting issuers (or the equivalent) in a jurisdiction or a foreign jurisdiction as follows:

Name of Director, Officer or Promoter	Name of Reporting Issuer	Name of Trading Market	Position	Period
Denis C. Arsenault	Troilus Gold Corp.	TLG - TSX	CFO and Senior VP	December 2017 to present
Jean-Charles Potvin	Gold Reserve Inc.	GRZ - TSXV GDRZF - OTCQB	Director	November 1993 to present
	Azimut Exploration Inc.	AZM - TSXV	Director	April 2004 to present
Donald K. Johnson	goeasy Ltd.	GSY - TSX	Director	June 1999 to present

Orientation and Continuing Education

While the Corporation currently has no formal orientation and education program for new Board members, sufficient information (such as recent financial statements, proxy solicitation materials, technical reports and various other operating, property and budget reports) is provided to any new Board member to ensure that new directors are familiarized with the Corporation's business and the procedures of the Board. In addition, new directors are encouraged to visit and meet with management on a regular basis. The Corporation also encourages continuing education of its directors and officers where appropriate in order to ensure that they have the necessary skills and knowledge to meet their respective obligations to the Corporation.

Ethical Business Conduct

The Board has adopted a formal code of conduct for directors. In order to ensure compliance with the code of conduct and that directors exercise independent judgement, the Board has assumed responsibility for approving transactions involving the Corporation and any "related party" (as that term is defined in MI 61-101), monitoring the Corporation's compliance with strategic planning matters, implementing a process for assessing the effectiveness of committees of directors and individual directors, and reviewing changes in or additions to compliance policies, standards, codes and programs, as well as applicable legislation.

The Board has also adopted a policy of permitting individual directors under appropriate circumstances to engage legal, financial or other expert advisors at the Corporation's expense.

Nomination of Directors

The Board performs the functions of a nominating committee with responsibility for the appointment and assessment of directors. The Board believes that this is a practical approach at this stage of the Corporation's development and given the relatively small size of the Board. While there are no specific criteria for Board membership, the Corporation attempts to attract and maintain directors with business knowledge and a particular knowledge of mineral exploration and development or other areas (such as finance) which provide knowledge which would assist in

guiding the officers of the Corporation. As such, nominations tend to be the result of recruitment efforts by management of the Corporation and discussions among the directors prior to the consideration of the Board as a whole.

Compensation

The Board, with the assistance of the Compensation Committee, reviews on an annual basis the adequacy and form of compensation of directors to ensure that the compensation of the Board reflects the responsibilities, time commitment and risks involved in being an effective director. Currently, as the Corporation has no ongoing revenues from operations, the directors of the Corporation do not receive any fees in their capacities as directors. All directors are eligible to participate in the Corporation stock option plan. See “Statement of Executive Compensation”.

For a more detailed description of the powers, responsibilities and operation of the Compensation Committee, see “*Statement of Executive Compensation*”.

Other Board Committees

The Board does not currently have any committees other than the Audit Committee and the Compensation Committee.

Assessments

The Board assesses, on an annual basis, the contributions of the Board as a whole and each of the individual directors, in order to determine whether each is functioning effectively.

If any Option granted under this Plan shall expire or terminate for any reason without having been exercised in full, any unpurchased Shares to which such Option relates shall be available for the purposes of the granting of Options under this Plan.

5. Maintenance of Sufficient Capital

The Corporation shall at all times during the term of this Plan ensure that the number of Shares it is authorized to issue shall be sufficient to satisfy the Corporation's obligations under all outstanding Options granted pursuant to this Plan.

6. Eligibility and Participation

- (a) directors of the Corporation;
- (b) officers of the Corporation;
- (c) employees of the Corporation; and
- (d) consultants retained by the Corporation, provided such consultants have performed and/or continue to perform services for the Corporation on an ongoing basis or are expected to provide a service of value to the Corporation;

(any such person having been selected for participation in this Plan by the Board is herein referred to as a "Participant"). The Corporation represents that directors, officers, employees and consultants granted Options under this Plan are *bona fide* directors, officers, employees or consultants of the Corporation.

The Board may from time to time, in its discretion, grant an Option to any Participant, upon such terms, conditions and limitations as the Board may determine, including the terms, conditions and limitations set forth herein, provided that Options granted to any Participant shall be approved by the shareholders of the Corporation if the rules of any stock exchange on which the Shares are listed require such approval.

7. Exercise Price

The Board shall, at the time an Option is granted under this Plan, fix the exercise price at which Shares may be acquired upon the exercise of such Option provided that such exercise price (except at the discretion of the Board and with the applicable exchange approval) shall not be less than the last price at which a full board lot of Shares was, on the last business day prior to the date on which such option is granted, traded on the TSX Venture Exchange ("TSXV") or the Canadian Securities Exchange ("CSE") or such other principal market on which the Shares are then traded, less the applicable discount permitted (if any) by such applicable exchange or market. Disinterested shareholder approval will be obtained for any reductions in the exercise price if the Participant is an insider of the Corporation at the time of the proposed amendment.

8. Number of Optioned Shares

The number of Shares that may be acquired under an Option granted to a Participant shall be determined by the Board as at the time the Option is granted, provided that the aggregate number of Shares reserved for issuance to any one Participant under this Plan or any other plan of the Corporation:

- (a) shall not exceed 5% of the total number of issued and outstanding Shares (calculated on a non-diluted basis and calculated on the date the Option is granted) to any one individual in any 12 month period unless the Corporation receives the permission of the stock exchange or exchanges on which the Shares

are listed to exceed such threshold and, if applicable, the necessary shareholder approval in accordance with exchange policies;

- (b) shall not exceed 2% of the total number of issued and outstanding Shares (calculated on a non-diluted basis and calculated on the date the Option is granted) to any one consultant retained by the Corporation in any 12 month period and, if applicable, the necessary shareholder approval in accordance with exchange policies;
- (c) shall not exceed an aggregate of 2% of the total number of issued and outstanding Shares (calculated on a non-diluted basis) to all employees/consultants of the Corporation conducting Investor Relations Activities (as that term may be defined in the applicable exchange policies) in any 12 month period. Options issued to employees/consultants conducting Investor Relations Activities will, if the Corporation is listed on the TSXV, vest in stages over a period of not less than 12 months with no more than one quarter of the Options vesting in any three month period.

9. Term

The period during which an Option may be exercised (the "**Option Period**") shall be determined by the Board at the time the Option is granted, subject to any vesting limitations which may be imposed by the Board in its sole unfettered discretion at the time such Option is granted and Sections 11, 12 and 16 below, provided that:

- (a) no Option shall be exercisable for a period exceeding five years from the date the Option is granted unless otherwise specifically provided by the Board, and in any event, no Option shall be exercisable for a period exceeding 10 years from the date the Option is granted;
- (b) no Option in respect of which shareholder approval is required under the rules of any stock exchange or exchanges on which the Shares are then listed shall be exercisable until such time as the Option has been approved by the shareholders of the Corporation; and
- (c) the Board may, subject to the receipt of any necessary regulatory approvals, in its sole discretion, accelerate the time at which any Option may be exercised, in whole or in part.

10. Method of Exercise of Option

Except as set forth in Sections 11 and 12 below or as otherwise determined by the Board, no Option may be exercised unless the holder of such Option is, at the time the Option is exercised, a director, officer, employee or consultant of the Corporation. Options that are otherwise exercisable in accordance with the terms thereof may be exercised in whole or in part from time to time. Any Participant (or his legal, personal representative) wishing to exercise an Option shall deliver to the Corporation, at its principal office in the City of Toronto, Ontario:

- (a) a written notice expressing the intention of such Participant (or his legal, personal representative) to exercise his Option and specifying the number of Shares in respect of which the Option is exercised; and
- (b) a cash payment, certified cheque or bank draft, representing the full purchase price of the Shares in respect of which the Option is exercised.

The Corporation shall have the power and the right to deduct or withhold, or require a Participant to remit to the Corporation, the required amount to satisfy federal, provincial and local taxes, domestic or foreign, required by law or regulation to be withheld with respect to any taxable event arising as a result of the Plan, including the grant or exercise of any option granted under the Plan. With respect to any required withholding, the Corporation shall have the irrevocable right to, and the Participant consents to, the Corporation setting off any amounts required to be withheld, in whole or in part, against amounts otherwise owing by the Corporation to the Participant (whether arising pursuant to the Participant's relationship as a director, officer, employee or consultant of the Corporation or otherwise), or may make such other arrangements that are satisfactory to the Participant and the Corporation. In addition, the Corporation may elect, in its sole discretion, to satisfy the withholding requirement, in whole or in part, by withholding such number of Shares issuable upon exercise of the options as it determines are required to be sold by the Corporation, as trustee, to satisfy any withholding obligations net of selling costs. The Participant consents to such sale and grants to the Corporation an irrevocable power of attorney to effect the sale of such Shares issuable upon exercise of the options and acknowledges and agrees that the Corporation does not accept responsibility for the price obtained on the sale of such Shares issuable upon exercise of the options.

Upon the exercise of an Option as aforesaid, the Corporation shall use reasonable efforts to forthwith deliver, or cause the registrar and transfer agent of the Shares to deliver, to the relevant Participant (or his legal, personal representative) or to the order thereof, a certificate representing the aggregate number of fully paid and non-assessable Shares in respect of which the Option has been duly exercised.

11. Ceasing to be a Director, Officer, Employee or Consultant

Unless the Board otherwise determines on the date of grant of the Option, if any Participant shall cease to hold the position or positions of director, officer, employee or consultant of the Corporation (as the case may be) for any reason other than death or permanent disability on a for-cause termination or its equivalent, his Option will terminate at 4:00 p.m. (Toronto time) on the earlier of: (i) the date of the expiration of the Option Period; and (ii) 90 days after the date such Participant ceases to hold the position or positions of director, officer, employee or consultant of the Corporation or as the case may be; or (ii) 30 days after the date a Participant who was engaged to provide Investor Relations Activities ceases to provide such Investor Relations Activities. Notwithstanding the above, if the Board determines that the expiry of the Options shall be for a longer period than the time periods stated above in this Section 11, such Options shall expire and terminate no later than the date that is 12 months following the date that a Participant ceases to be a director, officer or a part-time or full-time employee or consultant of the Corporation or of any subsidiary.

Neither the selection of any person as a Participant nor the granting of an Option to any Participant under this Plan shall:

- (a) confer upon such Participant any right to continue as a director, officer, employee or consultant of the Corporation, as the case may be; or
- (b) be construed as a guarantee that the Participant will continue as a director, officer, employee or consultant of the Corporation, as the case may be.

12. Death or Permanent Disability of a Participant

In the event of the death or permanent disability of a Participant, any Option previously granted to him shall be exercisable until the end of the Option Period or until the expiration of 12 months after the date of death or permanent disability of such Participant, whichever is earlier, and then, in the event of death or permanent disability, only:

- (a) by the person or persons to whom the Participant's rights under the Option shall pass by the Participant's will or applicable law; and
- (b) to the extent that he was entitled to exercise the Option as at the date of his death or permanent disability.

13. Rights of Participants

No person entitled to exercise any Option granted under this Plan shall have any of the rights or privileges of a shareholder of the Corporation in respect of any Shares issuable upon exercise of such Option until such Shares have been paid for in full and issued to such person.

14. Proceeds from Exercise of Options

The proceeds from any sale of Shares issued upon the exercise of Options shall be added to the general funds of the Corporation and shall thereafter be used from time to time for such corporate purposes as the Board may determine and direct.

15. Adjustments

The number of Shares subject to the Plan shall be increased or decreased proportionately in the event of the subdivision or consolidation of the outstanding Shares of the Corporation, and in any such event a corresponding adjustment shall be made to the number of Shares deliverable upon the exercise of any Option granted prior to such event without any change in the total price applicable to the unexercised portion of the Option, but with a corresponding adjustment in the price for each Share that may be acquired upon the exercise of the Option. In case the Corporation is reorganized or merged or consolidated or amalgamated with another corporation, appropriate provisions shall be made for the continuance of the Options outstanding under this Plan and to prevent any dilution or enlargement of the same.

Adjustments under this Section shall be made by the Board, whose determination as to what adjustments shall be made, and the extent thereof, shall be final, binding and conclusive. No fractional Shares shall be issued upon the exercise of an Option following the making of any such adjustment.

16. Change of Control

Notwithstanding the provisions of Section 11 or any vesting restrictions otherwise applicable to the relevant Options, in the event of a sale by the Corporation of all or substantially all of its assets or in the event of a change of control of the Corporation, each Participant shall be entitled to exercise, in whole or in part, the Options granted to such Participant hereunder, either during the term of the Option or within 90 days after the date of the sale or change of control, whichever first occurs.

For the purpose of this Plan, "change of control of the Corporation" means and shall be deemed to have occurred upon:

- (a) the acceptance by the holders of Shares of the Corporation, representing in the aggregate, more than 50% of all issued Shares of the Corporation, of any offer, whether by way of a takeover bid or otherwise, for all or any of the outstanding Shares of the Corporation;
- (b) the acquisition, by whatever means, by a person (or two or more persons who, in such acquisition, have acted jointly or in concert or intend to exercise jointly or in concert any voting rights attaching to the Shares acquired), directly or indirectly, of beneficial ownership of such number of Shares or rights to Shares of the Corporation, which together with such person's then owned Shares and rights to Shares, if any, represent (assuming the full exercise of such rights to voting securities) more than 50 percent of the combined voting rights of the Corporation's then outstanding Shares;
- (c) the entering into of any agreement by the Corporation to merge, consolidate, amalgamate, initiate an arrangement or be absorbed by or into another corporation;
- (d) the passing of a resolution by the Board or shareholders of the Corporation to substantially liquidate the assets or wind-up the Corporation's business or significantly rearrange its affairs in one or more transactions or series of transactions or the commencement of proceedings for such a liquidation, winding-up or re-arrangement (except where such re-arrangement is part of a bona fide reorganization of the Corporation in circumstances where the business of the Corporation is continued and where the shareholdings remain substantially the same following the re-arrangement); or
- (e) individuals who were members of the Board of the Corporation immediately prior to a meeting of the shareholders of the Corporation involving a contest for or an

item of business relating to the election of directors, not constituting a majority of the Board following such election.

17. Transferability

All benefits, rights and Options accruing to any Participant in accordance with the terms and conditions of this Plan shall be non-transferable and non-assignable unless specifically provided herein. During the lifetime of a Participant, any Options granted hereunder may only be exercised by the Participant and in the event of the death or permanent disability of a Participant, by the person or persons to whom the Participant's rights under the Option pass by the Participant's will or applicable law.

18. Amendment and Termination of Plan

The Board may, at any time, suspend or terminate this Plan. The Board may also, at any time, amend or revise the terms of this Plan and any agreement made pursuant to this Plan, subject to the receipt of all necessary regulatory and shareholder approvals, as applicable.

19. Necessary Approvals

The obligation of the Corporation to issue and deliver Shares in accordance with this Plan and Options granted hereunder is subject to applicable securities legislation and to the receipt of any approvals that may be required from any regulatory authority or stock exchange having jurisdiction over the securities of the Corporation. If Shares cannot be issued to a Participant upon the exercise of an Option for any reason whatsoever, the obligation of the Corporation to issue such Shares shall terminate and any funds paid to the Corporation in connection with the exercise of such Option will be returned to the relevant Participant as soon as practicable.

20. Stock Exchange Rules

This Plan and any option agreements entered into hereunder shall comply with the requirements from time to time of the stock exchange or exchanges on which the Shares are listed.

21. Right to Issue Other Shares

The Corporation shall not by virtue of this Plan be in any way restricted from declaring and paying stock dividends, issuing further Shares, varying or amending its share capital or corporate structure or conducting its business in any way whatsoever.

22. Notice

Any notice required to be given by this Plan shall be in writing and shall be given by registered mail, postage prepaid or delivered by courier or by facsimile transmission addressed, if to the Corporation, at its principal address in Toronto, Ontario Attention: President; or if to a Participant, to such Participant at his address as it appears on the books of the Corporation or in the event of the address of any such Participant not so appearing then to the last known address of such Participant; or if to any other person, to the last known address of such person.

23. Gender

Whenever used herein words importing the masculine gender shall include the feminine and neuter genders and vice versa.

24. Interpretation

This Plan will be governed by and construed in accordance with the laws of the Province of Ontario.
